

a passion to inspire

Optik

Optik™

NEW

A simply stunning range that offers innovation within a classic environment. Optik uses contours to interact with light across the surface of each piece. Perfect for banqueting or fine dining, each item carries its own unique, but sympathetic version of the embossment, adding an air of individuality, sophistication, and surprise.

The curves and lines move across the piece, creating highlights and shadows, accentuating the form and inviting the user to explore its tactile surface.
